Overview

UNIT 7: Files and Networking

Topics:

- Introduction to files & file operations
- Understanding network programming
- Introduction to basics of Socket Programming

Learning Objectives:

By the end of this unit, you will be able to:

1. Demonstrate the file operations and programming with files.
2. Discuss the fundamental understanding of networking classes and Interfaces.
3. Illustrate the fundamental understanding of socket programing.

Tasks:

- Read through the Learning Guide and the Reading Assignment.
- Complete the Discussion Assignment by posting in the Discussion Forum.
- Respond to two of your fellow classmates' posts in the Discussion Forum.
- Complete and submit the Programming Assignment.
- Take and submit the Self-Quiz.
