

Learning Guide Unit 4

Overview

UNIT 4: Environmental Policies and Sustainability

Topics

- Environmental policies and their classification
 - Sustainability models in practice
 - Resource management and policy trade-offs
-

Learning Objectives

By the end of this Unit, you will be able to:

1. Explain how environmental policies reduce market failures and promote sustainable economic practices.
2. Describe sustainability models used by governments and businesses to balance economic growth with environmental protection.
3. Interpret resource management strategies and the trade-offs between economic development and environmental conservation.
